ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Auction Sales Are Conducted in the Following

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

The coins will be on display the day of the sale at our offices and can be seen by appointment any day prior to the sale.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

**YOU WILL WANT A PRICE LIST OF THIS SALE
TO KNOW WHAT COINS ARE BRINGING
PRICE LIST OF SALE \$1.00**

IS THIS YOUR FIRST AUCTION CATALOG?

Proof coins, currency and commemoratives seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand, at the time of the publication. **The estimated prices are entered only after careful examination of the results obtained in our past sales which reflect the actual and not theoretical value.** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

Sincerely,

A. M. Kagin & Paul Kagin

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING THESE
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION.**

BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

SPECIAL DEFERRED PAYMENT PLAN

So that you will not miss this unusual auction sale, we will help you spread the payment for the lots you may succeed in buying. If you have not already established credit with us, send in two adequate credit references before the time of the sale. Indicate on your bid sheet that you wish to take advantage of our Deferred Payment Plan. Upon receipt of the lots on which your bids were successful, send in 50 per cent of the amount due IMMEDIATELY, 25 per cent within thirty days, and the remaining 25 per cent within sixty days from date of the sale. In this way you will have the opportunity to buy at "cash" auction prices, yet pay over a convenient period.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the **bid sheet**. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

COLONIALS

We were amazed at the number of bidders on these historical coins in our last few sales. Many brought over our estimates. Judging from the demand and small supply available, many colonials are far underpriced. With the renewed interest, we believe a number of varieties will be added to the present listings in both the Standard Catalog and the Guidebook in addition to a substantial advance in valuations. Here is an opportunity to acquire a real collection of "Americana" at a nominal outlay before prices substantially advance. We believe it is an obligation of catalogers to review results of previous auctions and report on trends. Whether you, the collector, desire to make use of this information, is another matter. May we suggest your checking back into our older catalogs to see how correct our "reporting" has been. According to our statistical department, we have been over 90 per cent accurate in predicting price advances and trends in collecting.

LIBERTY HEAD HALF DOLLARS

This series (as well as the Liberty Walking) are now in the most phenomenal rise in value that we can recall during our more than twenty years as professional numismatists. Increases of 1000 per cent (yes one thousand per cent) have taken place during the past year for gem specimen and the rise still continues unabated. Frankly, if we did not see this amazing rise in value take place from month to month we would find it exceedingly difficult to believe in these prices. From the "inside looking out" we are in a position to know how sound this market is. Our answer is this, **"We are prepared to pay from full 1953 catalog to five times catalog and more for gem specimens of most of the branch mints."** Of course there are still some that can be purchased at catalog or less. Less than a year ago proof 1915 halves could be obtained at \$35 to \$40; a specimen in the 1953 A.N.A. Convention Auction in August brought \$300.

LIBERTY WALKING HALF DOLLARS

SILVER DOLLARS (& SPANISH MILLED DOLLARS)

We have combined the Mexican 8 reales from another consignment with these silver dollars as they are actually an American coin. They circulated extensively in what is now the United States and were legal tender until 1857. In fact, our silver dollar was patterned after it since the commerce of the Thirteen Colonies were in terms of "Spanish Milled Dollars." Instead of the Cumbersome reale system, the decimal system was adopted. The notes of the Colonies and the Continental Congress (on some) pictured and were payable in "Spanish Milled Dollars." An unusual opportunity to acquire these historical coins while they are still reasonable in price.

PROOF MINOR & SILVER 1858-1916 NEARLY COMPLETE EARLY PROOFS STARTING 1796

An unusual opportunity to acquire many difficult and rare coins. Judging from the new records being constantly set (many showing an increase of 100 per cent to 500 per cent in the last year) they should prove to be a good investment. Compare the following valuations with those appearing in our catalogs of just a few months ago. All we can do is point out the trends in collecting and valuations; whether you take advantage of this information is up to you.

1796 PROOF QUARTER

- 1623. 1796 BRILLIANT PROOF, USUAL DIE. RARE AND IN DEMAND FOR A TYPE (ONLY YEAR OF TYPE WITH SMALL EAGLE).** New information has recently come to light wherein it is stated that a limited amount of proofs were struck in 1796 and sent to England to show the type of work which was being done by the United States mint. The Kagin Reference Collection of proofs contains a complete 1796 proof set (not for sale). It has been our contention that the mint struck proofs or "specimen coins" from the beginning in 1793. Fifteen years ago we started to form a complete collection of proofs 1793 to date. While the collection of proofs prior to 1858 is not complete, we have acquired a sufficient number to give substance to our theory of proofs from the beginning of mint operations. A proof 1796 quarter (from the rarer die) in our June sale realized \$760; this one will probably bring close to..... 600.00
- 1624. Similar with blue patina, just the barest trace of rubbing on highest points. Rapidly rising in value due to the unusually strong demand for the "only date of type."**

\$50 ST. LOUIS FEDERAL RESERVE BANK NOTE

2171. \$50 1918 ST. LOUIS Teehee-Burke, Atteberry-Wells, uncirculated. THE ONLY BANK TO ISSUE \$50 NOTES. In 1944 the Redemption Division of the Treasury Department reported that only 70 notes were still unredeemed, since then additional notes have been turned in for redemption. Allowing about 50% of the unredeemed notes for destruction by fire, flood, etc., or in too poor condition to be collectable, we arrive at the conclusion that only about 25 or 30 collectable notes are in existence. Of these, only a very few can possibly be as choice as this specimen. AN OUTSTANDING RARITY DESTINED TO REACH \$1,000 IN THE NOT TO DISTANT FUTURE; BUT FOR THE PRESENT WILL PROBABLY BRING CLOSE TO **500.00**

1914 FEDERAL RESERVE NOTES

After remaining dormant for many years, collectors have finally awakened to the fact that many of these notes are scarce and rare. Many of these are greatly undervalued in keeping with their true rarity. We unreservedly recommend these notes as having a great potential for future increase in value.

NATIONAL GOLD BANK NOTES OF CALIFORNIA

Issued in the ratio of about 1 to 1500 of the regular national bank notes; that any have survived is indeed remarkable. We have never seen an uncirculated speciman; about the best that can be obtained (when large collections are broken up) is a fine speciman or two with the balance being usually in only poor or good condition. The obverse of the notes are similar to the regular first charter notes but the reverse pictures a lot of gold notes of every denomination from \$1 thru \$20; printed on yellow or straw paper.

2198.	\$5 1873 First National Gold Bank of Stockton, very good with usual minor repairs. RARE. Superior to the usual speciman. Lists fine	150.00
2199.	\$10 1870 First National Gold Bank of San Francisco, very good with usual repairs. RARE. Superior to the usual speciman. Lists fine	150.00

UNCUT LARGE SIZE NOTES

All the following are in large clear holders.

2200. \$2 1899 SILVER CERTIFICATES, UNCUT SHEET FOUR, Lyons-Roberts has been creased vertically and horizontally but still a sound uncut sheet, tiny nick in bottom margin (somewhat below the actual note) large white margin at top. **AN OUTSTANDING RARITY NOT TO BE CONFUSED IN RARITY WITH THE NATIONAL BANK NOTES WHICH WERE ISSUED TO THE BANKS UNCUT.** A truly outstanding showpiece, fine to very fine **500.00**

- 2201. \$5 1882 NATIONAL BROWN BACK, The Saint Paul National Bank, Nebraska, UNCIRCULATED** uncut sheet four, Bruce-Wyman. **RARE** **250.00**
- 2202. \$10, \$20 1882 NATIONAL, BROWN BACK.** The First National Bank of Jacksonville, Illinois. **UNCIRCULATED** uncut sheet four; top three \$10 notes, bottom \$20 note, creased between the notes but still a very nice uncut sheet. Bruce-Wyman. **RARE** **375.00**
- 2203. \$5 1882-1908 ON BACK, The First National Bank of Jackson, Tennessee, Tillman-Morgan, UNCIRCULATED** uncut sheet four with light creases between the notes. **RARE** **275.00**
- 2204. \$10-\$20 1882-1908 ON BACK, same bank, top three \$10 notes, bottom \$20 note, UNCIRCULATED** uncut sheet four with light creases between the notes. **RARE** **375.00**

2205. \$5 1882 FIVE DOLLARS across reverse. The Farmers National Bank of Pilger, Nebraska, **UNCIRCULATED** uncut sheet four with light creases between the notes, Lyons-Roberts. **VERY RARE** **450.00**

- 2206. \$5 1902 RED SEAL, uncut vertical pair, The Germania National Bank of Milwaukee, Wisconsin, has been creased vertically and horizontally, very fine. RARE** **75.00**
- 2207. \$10-\$20 1902 RED SEAL, The First National Bank of Clifton, Kansas, Lyons-Roberts. UNCIRCULATED** with only one crease between the two center notes, top three \$10 notes, bottom \$20 note. **RARE** **300.00**

RECONSTRUCTED SHEETS

2208. \$5 1862 LEGAL, First (small) Obligation, UNCIRCULATED reconstructed sheet four. VERY RARE as the sheets were numbered consecutively before cutting; with the result that when the sheets were cut, the consecutive notes fell in different piles 500.00

- | |
|---|
| 2209. \$10 1880 SILVER, bust Robert Morris, large brown seal with X below, Bruce-Wyman, SILVER in large block letters across reverse, UNCIRCULATED reconstructed sheet four. VERY RARE. As four ordinary single notes, the list is \$400 but as a reconstructed sheet it is easily worth 800.00 |
|---|

2210. \$10 1890 COIN NOTE, reconstructed sheet four, Rosecrans-Nebeker, red seal, UNCIRCULATED. Four ordinary notes list \$240; this reconstructed sheet should certainly be worth at least 350.00
2211. \$1, \$2, \$5 1896 SILVER (EDUCATIONAL SERIES) \$1 Tillman-Morgan, \$2 and \$5 Bruce-Roberts, UNCIRCULATED reconstructed sheets four each. RARE AND RISING IN VALUE FROM MONTH TO MONTH. We have received offers of \$150 per set of uncirculated notes from dealers but do not have any sets in our regular stock. Judging from the spectacular rise in value of these very popular notes, we would not be surprised to see them bring \$1200 per set of sheets in a year or two. For the present, we believe these sheets will bring between \$800 and \$1,000

“MARCO POLO NOTE” OF CHINA

2253.	10,000 CASH NOTE OF CHINA Issued In 1368-1399 A.D. When Marco Polo returned from visiting China (Cathay) in the 15th century, he reported that one of the curious customs of the people there was the use of paper notes as money. He described the bank notes as being made from the bark of the Mulberry tree and stamped in a printing press. This note was issued by the Ming Emperor Tsai Tsu during the period of Hong Wu, 1368 to 1399 A.D. Its value is represented by an illustration of ten strings of cash in the center of the note. The accompanying Chinese inscriptions, when translated, read: "Great Ming General Circulation Treasury Note, to be Current Under the Heavens? At the bottom of the note is curt warning "Counterfeiters will be decapitated." This very fine note was found in a Chinese Temple	125.00

\$20 GOLD PIECES

We were amazed at the number of bidders on gold coins in our August sale. In fact, the amount of bidders on \$20 gold in that sale nearly equaled the amount of bidders on the Indian and Lincoln cents. It appears that collectors are finally waking up to the fact that gold is greatly undervalued in comparison to silver and minor coins. Currency is finally coming into its own but gold is only now starting to rise substantially in value. PLEASE CHECK PRICES REALIZED FOR CC MINT \$20 GOLD; THEY HAVE INCREASED AT LEAST 25% IN THE LAST SIX MONTHS AND APPEAR HEADED FOR A 50% INCREASE IN VALUE THE COMING YEAR. Please lay this evaluation aside to check a year from now. We have prided ourselves in our over 90% correct evaluation of market trends. The amount of bidders, in our opinion, is the only true evaluation of the strength of the market. Since the amount of bidders for gold coins is rapidly increasing, the scarce and semi-scarce gold coins such as the CC mint \$20's will be the first to reflect the increased demand in higher prices.

2309.	1898 PERFECT BRILLIANT PROOF EXCEPT FOR 3 OR 4 PIN-POINT NICKS IN FIELD (BOUGHT AS A "BRILLIANT PROOF"). ONLY 75 STRUCK OF WHICH PROBABLY ONLY HALF ARE IN EXISTENCE TODAY. It was a common practice in the 1920's, when there were only a very few collectors of proof \$20 gold, to spend them at face value. At that time, proof \$20's frequently brought only \$21 — whenever anyone bid on them. Naturally, the dealers didn't relish stocking coins which sold at very close to face value—when they did sell, therefore many of the dealers just spent them and put their money in more "salable stock." As recently as 1940, most of the proof \$20's could be purchased at around \$50 each. Now with the tremendous expansion in the ranks of gold collectors, prices have advanced sharply, especially in the rare pieces and proof. Just check auction catalogs and see how few proof gold coins, especially \$20's and 10's are offered today. We believe proof gold coins are greatly undervalued in keeping with the small supply and unusually strong demand for them. We noted dealers at the recent A.N.A. Convention in Dallas were asking and selling the more "common" proof \$20's (of which 100 to 150 were struck) at \$450 each. Naturally, only two or three of the dealers there had any. This rarity should be worth at least \$50 more than the more "common" proofs or the price of

As a result, when the gold coins were called in by the government and melted, most banks had a number of these on hand to turn in. YOU MUST BE SATISFIED

Our Sales Are Cataloged With You In Mind. If you have any suggestions, complaints, compliments (yes we receive some now and then) we want to hear them. Having cataloged over one hundred-sixty successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know it all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 6c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.
